**Summary of reasons for decision:**

The Board has considered 7 images, 3 photographic pictures and 4 slides. All 7 depict a young person who is "nude or partially nude" in terms of the Act. The Board has determined that with one exception all of them are capable of being regarded as sexual in nature. In the case of one picture and one slide, this is because of the combination of (a) the closeness of the two people to the camera and the prominence of their sexual organs, and (b) the evident close relationship between naked adult man and naked adolescent boy. The other images focus prominently on the boy's sexual organs. Six of the images tend to support " the exploitation ..….. of young persons …… for sexual purposes."

Six of the 7 images have therefore been classified as objectionable.
